WISTON
ESTATE

Wiston Estate Findon Park Vineyard Directions

The address is Findon Park Farm New Barn, Off Horsham Road A24, Findon, BN14 0RN, however please do not use this postcode as it will not take you to the right place! We recommend you use the app what3words to find the vineyard. The words are: pirates.modem.curiosity

Coming from Horsham: Go straight over the Washington roundabout on the A24 towards Findon. After a mile or so you will pass under a road bridge (ignore vines and stainless steel tanks on left). The road then bends to the left (the speed limit is 60mph) and you need to slow down more so as you are taking the second very small and sharp left turn. There is a small turquoise Wiston Estate sign there. (If you get to the Findon roundabout you have missed it and will have to go back towards Washington over the Windlesham bridge and try again)!

Coming from Findon: If you have joined the A24 at Findon going north you will almost immediately do a chicane bend and then look out for the slip road onto the bridge signposted for Windlesham House School. Exit here and go over the bridge and then join the A24 again going south. You will then go back round the chicane bend and need to slow down as you are then taking the second very small sharp left off the A24. There is a small turquoise Wiston Estate sign there.

You then come up the lane for a mile, keeping on the main left hand fork. After going round a left hand corner you will see farm buildings on your left, you turn in towards them (another turquoise Wiston sign there). Keep the farm buildings on your left and then go right over a chalk road onto a concrete track which will take you to the vineyard.
